PROFESSIONAL SUMMARY

Business Data Analyst with 5+ years of experience turning operational and survey data into evidence-based decisions, using Excel, SPSS, and RStudio for analysis, visualization, and reporting. Proven track record: building performance-tracking models that drove measurable efficiency gains on a 20-hectare commercial project, designing and analysing a customer-satisfaction survey using correlation analysis, and supporting monitoring & evaluation for government-led community programmes. Certified in CRM and HRM, with strong stakeholder engagement and report-writing skills that turn analysis into clear recommendations for non-technical audiences.

PROFESSIONAL EXPERIENCE

Operations & Data Analyst

May 2024 – Jan 2026

RSK Agro Breeders · Ogun State

- Tracked and analysed performance data across a 20-hectare commercial project in Excel, building simple models to monitor output, costs, and resource use against targets.
- Translated data findings into operational decisions, delivering measurable efficiency gains through structured resource planning and process optimisation.
- Supervised field teams and coordinated daily activities, ensuring timely task execution and accountability across a distributed workforce.

Client & Community Engagement Officer (NYSC)

2023

Kwara State Ministry of Agriculture · Ilorin, Kwara State

- Served as frontline liaison between a government programme and end-users, communicating new initiatives and supporting adoption of recommended practices.
- Conducted structured monitoring and evaluation visits, compiling field reports that tracked adoption rates and performance against targets.
- Led a multi-stakeholder volunteer group, coordinating outreach activities and managing relationships across community partners.

Field Engagement & Training Associate

Aug 2019 – Jul 2022

IAAS – Int'l Association of Agricultural Sciences · Ile-Ife, Osun State

- Trained and onboarded diverse end-users on new practices and tools, supporting adoption and resolving user concerns.
- Coordinated distribution logistics and communications across multiple stakeholder groups.

Operations Intern

Jan – Nov 2019

OAU Teaching & Research Farm · Ile-Ife, Osun State

EDUCATION

B.Agric — Agricultural Extension & Rural Development

Obafemi Awolowo University, Ile-Ife

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Certified Customer Relationship Manager (CRM) — Client engagement, retention strategy & service excellence
- Certified Human Resource Manager (HRM) — People management, HR operations & organisational development
- National Youth Service Corps (NYSC) — Completed, Kwara State Ministry of Agriculture, 2023

ADDITIONAL PROFESSIONAL ACTIVITY

Freelance Writer & Data Analyst

2019 – Present

Self-employed · Remote

- Designed and analysed a 35-respondent customer satisfaction survey on mobile banking adoption using RStudio — running correlation analysis to identify usability, customer support, and reliability as the leading drivers of satisfaction.
- Write business, technical, and academic content for international clients — including reports, research papers, website and product copy, and documentation — translating complex ideas into clear, audience-ready writing.
- Conduct quantitative data analysis (Excel, SPSS) to support evidence-based conclusions, often pairing analysis with the written report or narrative that explains it.
- Maintain a track record of meeting client deadlines across varied subject areas, from agriculture and business to social sciences.
